Letter No. 1858/546 dated 10th October 1902 from the Comptroller Mysore Govt, regarding the delay in re-payment of a Mysore Railway debenture bond held by Mr. M. Chengiah. Chetty -

Note.

Mr. M. Chengiah Chetty, holder of the Mysore Railway Debenture No. 626 for Rs 2,000/- surrendered the bond at the Davangere Taluk Treasury on the 9th August 1902. The interest due thereon upto 15th August 1902 was paid on the 25th of the month and the principal on the 8th of the succeeding month. Mr. Chengiah Chetty claims the interest upto the date of discharge of his debenture bond.

The Comptroller submits

1. Statement of case in narrative form in regular sequence of subject matter or date.
2. Opinions to be stated only as supported by precedents, or general rules which should always be quoted.
3. Serial numbers in file, &c., to be always stated.
4. Dates of important documents referred should be given.
5. Write on both sides, leaving the same side as margin.

‡ 1. No. and date of latest letter or paper.
2. Catch words to show nature of subject.
3. Subject to be in red and body of note in black ink.

Copies of Correspondence on this subject between himself and the Deputy Commissioner, Bellary and solicits orders thereon - The following facts are gathered from the Correspondence thus submitted: ~~from~~

The Comptroller issued 4 circular orders to the Treasury Officers for repayment of the Mysore Railway Loan and interest due thereon to the parties concerned -

The 1st Order was issued on 21st July 1902 and was to the following effect - "x x x notice may be promulgated in the Hd-quarters and Taluks for the information of Mysore debenture holders, who should be informed that the Debentures held by them will have to be surrendered at the District or Taluk Treasury on or after the 15th August 1902 for which

"date the interest on such De-
-"bentures will cease."

"On the Debentures being Sur-
-"rendered, the Dist.t or Taluk Treas.r
"will forward them at once to
"the Comptroller's office with a
"Covering memo and a receipt
"given to each party in acknow-
-"ledgment of such Debentures which
"will, after being examined here,
"be returned and orders issued
"to the Dist.t or Taluk Treas.r at which
"the surrender was made, to pay
"the principal to parties concerned."

+ + + + =

The 2d and ~~the~~ 3d Orders were issued on the 25th July 1902. In the former order the Debentures received before the 15th August either in the District or Taluk Treasury were required to be sent to the Comptroller's office without delay as they were received - In the latter the debentures were required to ~~the~~ be sent through the Treasuries and Banks in which interest used to be drawn.

The 4th Order which seems to have been issued on the 5th August 1902 (Sic 25th) fixed the form of endorsement to be written on the reverse of the Debentures.

As required in Govt Notification on the subject Mr Thengiah Chetty tendered the debenture bond at the Taluk Treasury on 9th August 1902. The Taluk Treasury instead of forwarding it immediately on receipt to the Comptroller's Office as required in the 2nd Circular order forwarded it to the Dist Treasy Officer who received it on the 11th idem along with three other bonds but as they did not contain the proper endorsement fixed in the 4th Circular Order they were returned to the Taluk on the 13th idem -.

In this connection, it is submitted that the 4th Cir. Order which was issued on the 5th August reached the D.Y. Commissioner, Treasury Dept

on the 10th and as the 11th and 12th were holidays the order was communicated to the Devangere Taluk Treasury on the 13th along with the return of the debentures for proper endorsements - The debentures thus returned were got back in the District Treasury on the 18th idem properly endorsed, and as the District Treasury Officer found that the interest had not been paid returned the debentures on the 20th idem for payment -

In this place it will be noticed that according to the 1st Circular order of the Comptr the Dist. Treasury Officer ought hence forwarded the debentures to the Comptroller for check and orders instead of sending it to the Taluk Treasury for payment of interest. When the District Treasury Officer was asked to explain the de -parture from the order, the Dy Commissioner states that the

Circular order of 21st July 1902 required the surrendered debentures to be sent with a covering memo in the prescribed form and the party's receipt that in the memo the fact of the interest due on the debentures up to the 15th August 1902 having been paid and a receipt obtained had to be reported, therefore it was not possible to fill up and forward the memo before the interest was paid.— The Comptroller on this point states that the Deputy Commissioner ~~Commissioners~~ has completely ignored the distinct direction issued ~~in his the 1st Circulars order viz~~ "to send them on as "they are received for orders of "payment of both principal and "interest." and adds that the three Presidency Banks and their branches and the eight out of the nine Treasuries and ~~the~~ their Sub-treasuries in the State understood the meaning and the object of the circular

instructions and applied them correctly to all cases that came up before them without a single exception

To continue the present case, the Taluk Treasury paid the interest on the 25th August and returned the bonds to the Dist. Treasury also on the very day of receipt i.e. the 27th idem, forwarded the bonds to the Comptroller who returned them with authority for payment on the 29th but as there was a clerical error in the memo forwarding the bonds they (memo & the bonds) were returned for rectification and received back corrected on 6th September but as the 1st day and the one following were holidays, instructions to the Taluk Treasury for payment of principal was issued on the 8th September

The Comptroller in this connection forwards the original memo for perusal and return and observes that the error mentioned by the D.C. Commissioner, is not so serious as to necessitate a reference to the Comptroller's office but could have been easily verified with the help of Registers and other vouchers available in the Deputy Comm's office.

Subd Mr Secretary

There was some delay no doubt. According to Mr 1st Circular, no interest is allowed after the 15th Augt 02. Mr Chengappa Chetty may be informed that no interest can be allowed for the few days delay brought to notice

SIR,

I have the honor to acknowledge receipt of your docket No.Fl:493 dated 15th September 1902 forwarding a letter from Mr. Chengiah Chetty holder of Mysore Debenture No.626 for Rs.2,000/-

2. I beg to submit for orders of Govt: copies of correspondence that took place on this subject between this Office and the Deputy Commissioner, Treasury Department, Chitaldrug.

3. The Debentures according to the procedure adopted in British India in re Government of India loans must first be examined in this Office there being no separate Public Debt Office for the Province, and discharged at the State Huzur Treasury.

Government are aware that it was not possible for me to have given sufficient previous notice to all the Debenture holders and in view therefore to avoid all delay and to meet the convenience of the debenture holders as far as possible the Cir: orders and printed Memo and docket forms referred to by the Deputy Commissioner were issued from this Office.

4. In one of the Circular orders it is distinctly stated that to avoid all delay, debentures presented before 15th August should be sent up to this Office as received (Cir: No.509-12/10 dated 25th July 1900) when both principal and interest also will be ordered to be ~~sent~~ paid.

previous notice, the majority of the bonds would be presented after the 15th August and that payment of interest would be de manded at the time of tendering for discharge, the docket form was printed complete to obviate all necessity for any additional clerical labor and consequent delay.

This form the Deputy Commissioner considers was a direction to him to pay the interest first on the due date and then send the bond to this Office for discharge and completely ignores the distinct direction to send them on as they are received for orde of payment of both principal and interest contained in Cir: No. 412-7/54 dated 21st July 1902. Published in Mysore Gazette of 31 July 1902 Part II. Page 743.

6. In this connexion I have only to state that the three Presidency Banks and their Branches and the eight out of the nine Treasuries and all their Sub Treasuries understood the meaning and the object of my circular instructions and applied them correctly to all cases that came up before them without a single exception.

7. I also inquired of the Deputy Commissioner when the bond was returned to Davangeri for the parties endorsement, on the 13th August he should not have instructed the payment of interest also which was due on the 15th if he thought that such payment was required under the rules, as he understood them, before a debenture can be accepted for discharge. His reply is that payment of interest could not be ordered on the 13th as it was not due on that date as if it was highly irregular even to write and instruct his Sub Treasury on the 13th for a payment to be made on the 15th Instant and as if he apprehended that this instruction leaving his office on the 13th would reach his Sub Treasury before the 15th and that that Sub Treasury would pay the interest before that date.

My Cir: order requiring an endorsement of the parties on th debentures tendered by them is dated the 5th August and was post ed from my office on the 7th of that month. I cannot understand why it should not have reached the Deputy Commissioner's Office before the 10th.

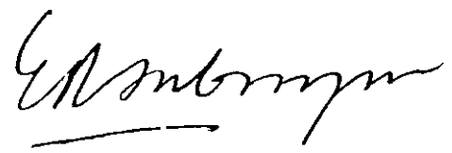
8. As regards the clerical error on account of which the De-

Deputy Commissioner withheld payment till it was rectified, I beg to forw
ward herewith the printed order for your perusal and obliging return.
The counterfoil in this office is correct in all points on the
of the original sent to the Deputy Commissioner the number and amount
of each individual bond is correct and agrees with all the details
entered by the Deputy Commissioner himself in the printed docket
with which he forwarded the bonds to this office and must agree with
its counterfoil in the Deputy Commissioner's office. These details
must have been found to agree in all respects with those entered in
the Register of bonds maintained in his Treasury if he had taken the
trouble to verify them the total amount of bonds is entered on the
back of the docket quite correctly both in figures and in words-
I leave it therefore to Government to decide whether the Deputy Com-
missioner was justified in witholding payment to the parties as he
did simply on the ground that in the docket instead of "thousand"
the word "hundred" had been written while on the very face of it
he could have with the help of his own Registers and other vouchers
above referred to convinced himself beyond all doubt that it was
purely a clerical error and that payment on the docket containing
this manifest clerical error could be made with complete safety and
without any shadow of doubt or objection.

I have the honor to be,

Sir,

Your most obedient servant,



Comptroller.

Sir,

In reply to your docket No: 1430/1499/1900 dated the 12th instant, requesting delay in the transmission of certain Mysore Railway debentures I have the honor to state as follows:—

2. yours Circulars nos 412-7/56 and 504-12/107 dated 21st and 25th July 1902 respectively having been duly published in the Gazette, no separate orders were issued from the District Treasury communicating their purport to the Taluk Tehsildars who are working with existing practice.

3. your manuscript Circular No. 208-19/191 dated 25th August 1902 prescribing the mode of endorsement on the reverse of the debentures proved for discharge was received here on the

10 — dem. and its purport was
Communicated to the Taluk Tessildars
on the 13th, the 11th and 12th hereof —
Installation holidays. — The Debentures
belonging to Mr. Chengiah Chetty
along with 3 others was also returned
to the Amildar of Dharmapuri on the
same day, that is, the 13th August, with
a request that the necessary
endorsement might be obtained.
The Debentures were sent back by
the Amildar on the 18th and were
received here on the 20th. They were
returned the same day to the Amildar
for payment of interest. The payment
of interest could not have been ordered
on the 13th, as it was not due on that
date. The interest was paid in Mr.
Chengiah Chetty's case on the 25th —
and all the four debentures were
received back at the District Treasury
on the 27th on which date they were
sent on to your office.

3. Your circular No 412-7/54 dated
21st July 1902 required the surrendered
Debentures to be sent at once to
your

your office with a Covering memo in the prescribed form and the party's receipt – In this memo, the fact of the interest due on the Debentures up to the 15th August 1902 having been paid and of a receipt having been obtained therefor from the parties had – to be reported (Vide printed form of memo) – Before the interest was paid, the memo could not be filled up and forwarded to you.

Para 2 of your circular No:– 5 of-12-107 dated 25th July 1902 directing that "to save time, Debentures received before the 15th August 1902 may send to this (Comptroller's) Office without delay as they are received" was construed to be subject to the formalities of the Covering memo and the Receipt prescribed in your previous Circular of the 21st July 1902 and was held not to dispense with them.

Your office memo
No: 49 dated 28th August 1902 is
herewith forwarded for your
personal and double giving return
when no longer required —
The clerical error therein was the
insertion in words of "Eight —
Hundred" instead of "Eight thousand"

General No: 53

Sir,

I beg to acknowledge the receipt of your docket No: 111 dated the 11th Instant together with a memo from the District Treasury Officer and to state as follows:-

As per Comptroller's Circular No 112-7-5 dated 21st July '02, published in part II (page 757) of the Mysore Gazette dated 7th August 1902, I surrendered my Debenture Bond at the Davangere Taluk Treasury on the 10th August for

for transmission to the Comptroller but the Amildar instead of sending the Bond direct to the Comptroller, as per Circular quoted above, forwarded it to the District Treasury. This is a mistake.

2. The District Treasury Officer instead of sending the Bond to the Comptroller, returned it to the Taluk, on the ground that the Bond did not contain the proper endorsement as per Comptroller's Circular, but the Comptroller's circulars published in the Gazette do not contain any such instructions. They enjoin the District or Taluk Treasury to forward the Bonds at once to the Comptroller's Office and the interest due on the surrendered Debentures will be ordered to be paid in due course on the

prescribed printed form of receipt, &c.

3. In spite of these orders, there was a delay of 25 days in the payment of the nominal value of the Debenture Bond

4. I do not understand why the District Treasury should have sent backward and forward twice these bonds instead of directing the Amildar to forward them to the Comptroller. When the Comptroller further distinctly laid down that the Bonds should be received even before the due date, and despatched to him, how could the Amildar pay interest contrary to the Comptroller's orders? Again a clerical error is said to have brought about a delay of 8 or 9 days.

Hence my claim for interest till the date of

of payment of the principal

Yr do clerk No: 108 of the 9 Sept 1902.

With reference to the above, has the honour to request to be informed whether the Subsidiary Treasuries were duly instructed and the purport of the Circular orders of this Nos: 412-7/54, 507-12/107, 708-19/191 dated 21 & 25 July & 5 August 02 respectively, Communicated to them. If so, why did the Deputy Treasurer in question to the District Treasury without the Endorsement prescribed in Circular No 708-19/191 dated 5 August 1902. Why the Debentures were sent back for payment of interest when under the Concluding para 6 of Circular No: 412-7/54 and

No

10 5097-12 dated 21st and 25th July 1902 respectively they should have been sent to this office as they are received and when it is stated that any interest due will also be ordered to be paid along with principal.

If the District Treasury was under the erroneous impression that interest should be paid before sending the bonds to this office, why they were not returned once for all for Endorsement and payment of interest instead of first sending them for Endorsement and after receipt with the omission supplied sending them back again for payment of interest.

Regrets that the original Memo No. 47 dated 28-8-02 of this office authorizing payment of the principal of the Debentures in question maybe returned for perusal in view to find what the Clerical mistake was which the Treasury Considered necessary to have rectified before payment Could be made.

Sir,

I beg to bring to your notice that the Augusta Railway Debenture Bonds surrendered at the Talbot Treasury, Savannah have not yet been paid as per your instructions published in the Gazette.

I surrendered mine on the 9th August and I have not received payment as yet, nor the Interest. The Auditor writes to say, that he has not received instruction for disbursement.

As we have to receive interest from the 15th ultimo

to the date of payment,
respectfully bring this to your
notice and beg early orders.

Yours truly

3) Notice dated 25th July 1902

Letter No. 1858/546 dated 30th

September 1902 from the Comptroller, Mysore-Cook, reporting upon the delay caused in discharging the ~~Mysore Railway~~ Debenture held by Mr M. Chengiah Chetty.

Order thereon

Mr M. Chengiah Chetty holder of the Mysore Railway Debenture No 626 for Rs 2,000/ surrendered the bond at the Davangere Taluk Treasury on the 9th August 1902. The Taluk treasury instead of forwarding it immediately on receipt by the Comptroller as required by him in his 2nd circular dt 25.7.02, ~~order~~, forwarded it to the Dist. Treasury Officer, who received it on the 11th inst 9th Augt 02 along with three other bonds. ~~which~~ were all returned on the 13th idem to the Taluk, as

they were not properly
endorsed. The bonds
thus returned were re-
ceived in the Dist. Treas.,
properly endorsed, on
the 18th and were again
~~referred~~ sent back to the Talla
Treasury on the 20th as
the interest ~~ff~~ due thereon
had not been paid
On the 25th August the
interest ~~ff~~ was paid &
the bonds were forwarded
to the Dist. Treas. ~~who on~~ Where they
~~the very day of receipt the~~ were received on the
27th idem ~~submitted~~ On the same date
~~they were~~ sent on
~~and~~ to the Comptroller
who returned them
~~back~~ with authority
for payment on the 29th
As there was a clerical
error ~~(very insignificant~~
in the memo forwarding
the bonds, they were
sent back to the Comptroller
for correction, which
was done & returned.

As the day of receip-
-the Dist Treasury, ie
6th September and the
~~One~~ following day were holi-
-days, instructions were issued on the 8th Sept 02
the District Treasury to
the Taluk Treasury for
payment of principal
~~was issued on the 8th~~
~~September 1902~~ and the
amount was accordingly
~~subsequently~~
paid. Dr M. Chengiah
Chetty now complains that there was a delay of 25 days and
claims interest
on the principal from the
15th August 1902 to the
date of discharge.

Govt regret that there
was some delay in pay-
ment, which could well
have been avoided. But
this was due to correspce
between the various of-
-fices usually incidental
to such transactio

this by presenting the
bond for payment direct
in the Surrey Treasury
as required by Govt
Notification No 71 150
dated 16th July 1902 -
Government do not
therefore consider the
claim for interest after
the 15th of August as valid
